lend
a gay aspect
to every
Spring Garden*

☆

How to order Hyacinths

TOP SIZE AND FIRST SIZE

are the largest sizes of Hyacinth-bulbs, carefully selected, producing large flower spikes.

Both sizes are excellent for single pots.

The First size is best for growing on glasses.

SECOND SIZE AND THIRD SIZE:

These sizes we can especially recommend for general purposes.

These bulbs are excellent for growing 3 or more bulbs in pans.

This size is also suitable for gardening purposes.

BEDDING SIZE:

This size is the most popular one for outside planting.

The flowers are not so heavy and will therefore stand the rainy and windy weather better.

MINIATURE HYACINTHS

produce graceful flowers and are therefor very suitable for growing in pots and flats and for cutflower purposes.

Hyacinths

LIST OF VARIETIES

Hyacinths are used for forcing and are also excellent for the garden. The Springgarden is not complete without Hyacinths.

Where planted in beds and borders they always attract attention with their bright, cheerful colors.

PINK

- ANNA MARIE, clear pink, very early
- CROWNPRINCESS MARGARET, pink, large spike
- DELIGHT, light pink, good for early forcing
- GERTRUDE, rosy pink, compact flower, medium early
- *LADY DERBY, fine light pink, large bells, fine shaped bulb
- *MARCONI, rosy pink, good for later forcing
- *PINK PEARL, deep rosy pink, large spike, early. One of the best pink Hyacinths
- *QUEEN OF THE PINKS, lovely bright rosy pink; large spike of fine bells, late forcer. Also good for bedding

RED

- CYCLOPS, carmine red, large bells, medium late
- *JAN BOS, beautiful rich scarlet, very early
- *LA VICTOIRE, brilliant carmine red, large spike, early

A black and white photograph showing a large, dark tree trunk on the left side of the frame. In the foreground and middle ground, there is a dense field of white flowers, likely daffodils, with long, dark green leaves. The background features a grassy area and more trees, including another large tree trunk on the right. The overall scene is a natural landscape.

[illegible]

WHITE

- ARENTINE ARENDSSEN, pure white, large spike and large bells, very early
- CARNEGIE, pure white, late forcing
- *EDELWEISS, pure white, sturdy broad compact spike, fine early forcer
- *L'INNOCENCE, pure white, broad, loose spike of elegant form, very large well shaped bells, early and excellent for forcing. The most popular of all white Hyacinths
- QUEEN OF THE WHITES, pure white, splendid spike, good for late forcing

YELLOW

- *CITY OF HAARLEM, yellow, large spike, extra fine
- PRINCE HENRY, yellow, early forcer
- YELLOW HAMMER, yellow, large broad spike

LIGHT- AND DARK BLUE

- *BISMARCK, skyblue, large spike, excellent for early forcing
- *DELFT BLUE, bright porcelain blue, compact spike
- DR. STRESEMANN, bright blue, large flower
- *GRAND MAITRE, fine deep porcelain blue
- HINDENBURG, porcelain blue, large bells
- *KING OF THE BLUES, the best dark blue, with splendid, well formed large spike on short stem; late forcer
- *MYOSOTIS, pale blue, long spike. Good forcer
- *OSTARA, fine porcelain blue, early forcer
- PERLE BRILLANTE, fine lavender blue, large spike
- QUEEN OF THE BLUES, fine light blue with beautiful silvery shade, large spike

VIOLET

- LORD BALFOUR, purplish violet

FAIRY HYACINTH

- *BORAH (multiflowered Hyacinth), porcelain blue

[illegible]

Prepared Hyacinths

for early forcing

These Hyacinths are treated in a special way, which makes them well suitable for early forcing, they should be potted directly after arrival. With their early flowers, these Hyacinths offer a welcome material when other Hyacinths and Tulips are not yet in bloom.

Prepared miniature Hyacinths are suitable for early cutflowers.

☆

As the bulbs which are to be prepared, are lifted early, orders for these bulbs must reach us before June 1st.

GLORIOUS PLANTING OF TULIPS

Double Early Tulips

These Tulips bloom a little later than single early Tulips. Their double flowers have a beauty all their own, which makes them so suitable for pot plants.

They are also excellent for planting in beds or borders.

SUPERFINE MIXED, all colors, for outside planting	

Darwin Tulips

„HIGHLIGHTS OF THE GARDEN“

No other Tulips equal the Darwin Tulips in splendor and usefulness for various purposes.

Introduced into Holland some fifty years ago, Darwin Tulips soon found their way into gardens all over the world and were eagerly accepted by the floristtrade. Demand increases from year to year. Since their introduction, many beautiful new varieties have been developed and were received with enthusiasm by the public, but some of the first introduced varieties, such as Clara Butt, Farncombe Sanders, La Tulipe Noire, Pride of Haarlem and others still rank high among the popular varieties.

Blooming in May, carried on strong, erect stems, the Darwin Tulips with their stately beauty and gorgeous colors, red, pink, lavender, purple, black, yellow and white are ideal for all garden purposes and excellent for cutflowers. Many varieties can also be succesfully forced for cutting and in pots and pans. Some for Valentine Day and others for Easter pots.

When planted under so called „cold glass“ in good soil, and thus coming into bloom protected from bad weather, Darwin Tulips will produce a rich crop of clean strong flowers before the bulbs grown outside are in bloom.

p. 1000
\$

- AFTERGLOW, fine orange rose with distinct orange edge..
- *ALL BRIGHT, fine bright red sport of Bartigon
- *AMERICAN FLAG, bright red, striped and flaked white ..

 SPLENDID MIXTURE, ALL COLORS

Darwin Hybrid Tulips

A new race of tulips, the results of crossings between Darwin Tulips and Fosteriana varieties. They have enormous flowers on strong stems and vivid colors.

- APELDOORN, orange scarlet, black base, edged yellow ..
 DARDANELLES, cherry red, large flower
 DOVER, fiery poppy red, very large flower
 GENERAL EISENHOWER, orange red
 GUDOSHNIK, spotted red
 HOLLAND'S GLORIE, orange scarlet, black base
 LEFEBER'S FAVORITE, glowing scarlet, yellow base
 OXFORD, red, flushed purple red
 ROOSEVELT, clear orange-red, extra large wellformed
 flower

Single Late or Cottage Tulips

The older varieties of this class, were found in Cottage Gardens in England. Many fine, new varieties have been added to this class by hybridizing.

Cottage Tulips have various shaped flowers and habits and are splendid for gardening purposes and cutflowers.

Some varieties are also extensively used for forcing.

p. 1000

\$

- *ADVANCE, fiery red, very large flower
- *ALBINO, pure white, large flower, extra for forcing
- ARGO, yellow with red spots, changing to reddish orange
- ARTIST, inside salmon rose and green, outside purple and salmon rose
- *BELLE JAUNE, rich deep yellow
- *CARRARA, pure white; good for forcing and bedding
- CHAPPAQUA, soft violet-rose
- *DIDO, orange rose, margined bright orange yellow
- FLAMING BEAUTY (FIRESIDE), yellow, striped and flushed red
- *GOLDEN HARVEST, deep lemon yellow, large flower, good for forcing, very popular variety
- *GOLDEN MEASURE, deep canary yellow
- GRENADIER, bright orange red
- *G. W. LEAK, brilliant geranium red
- INGLESCOMBE YELLOW, canary yellow, fine bedder

- *WHITE CITY (MOUNT EREBUS), pure white, creamy anthers
YELLOW EMPEROR, deep golden yellow, large eggshaped
flower on tall strong stem
- ZOMERSCHOON, salmon pink, flaked creamy white
- FINE MIXTURE

Lily Flowering Tulips

These Tulips belong to the Cottage Tulip family and bloom at the same time. Their distinct shape, more or less resembling Lilies made it desirable to group them under a separate head. They are splendid for groups in borders and are very artistic cutflowers.

- ALADDIN, scarlet, edged yellow
- ALASKA, pure yellow, sweet scented
- BEVERLEY, bright orange red
- *CAPTAIN FRYATT, garnet red, violet blue center
- *CHINA PINK, pink, white base
- DYANITO, bright red
- *GISELA, soft pink
- GOLDEN DUCHESS, golden yellow
- LILAC TIME, intense violet purple
- MARCELLINA, deep rosy pink, pure white base
- MARIETTE, deep satin rose
- MAYTIME, reddish violet, creamy white edge
- PAINTED LILY, buttercup yellow, edged scarlet
- PICOTEE, white, edged pink, passing into rose
- QUEEN OF SHEBA, glowing brownish red, edged orange ..
- SEBASTIAN, buttercup yellow
- STANISLAUS, orange red, yellow center
- *WHITE DUCHESS, white
- WHITE TRIUMPHATOR, pure white

Breeder Tulips

Breeder Tulips are one of the oldest classes of Tulips. They bloom in May with the Darwin Tulips, some varieties even a little later.

Most varieties have tall stems.

With their dark colors and shades in bronze, mahogany, orange, purple, they make a striking „exotic“ contrast with the bright colors of the Darwins.

p. 1000
\$

- ADMIRAL TROMP, coppery bronze, flushed carmine and edged orange
- ALICE KEITH, orange, tinted reddish purple
- BACCHUS, dark plum color, immense large flower
- CHERBOURG, golden yellow, outside bronze, large flower ..
- CHEYENNE, carmine, edged orange red
- *DILLENBURG, glowing salmon orange, very popular
- *GEORGES GRAPPE, large, lavender mauve

- JESSY, dull violet bronze, edged yellow
- J. J. BOUMAN, tomato-red, flushed claret, edged yellow
- *LOUIS XIV, dark purple flushed with bronze, edging to golden brown, inside purple, a flower of great substance
- *ORANGE DELIGHT, clear bronze
- *PANORAMA, reddish mahogany, good for forcing
- PAPAGO, poppy-red, yellow base
- PONTIAC, mahogany red
- *PRESIDENT HOOVER, brilliant orange red
- PRINCE OF ORANGE (ORANGE BEAUTY), deep orange red, golden orange margin
- SAGINAW, deep magenta red, orange edge
- *TANTALUS, yellowish, shaded violet
- WINNETOU, orange red, edged bronzy-orange.....
- MIXED VARIETIES

Triumph Tulips

These Tulips result from crossings between Darwin- and later flowering varieties of the early Tulips. Their flowering time is just between these two classes.

Most Triumph Tulips have large flowers and strong stems and are of medium height which makes them very useful for beds.

Some varieties are well known for forcing and the short stemmed kinds, such as Denbola are fine for Easter pots.

p. 1000
\$

- ADORNO, salmon orange, edged bronze yellow
- *ALBERIO, cerise scarlet, yellowish edge, good for pots
- ARGUNO, bordeaux-red, edged white
- *AUREOLA, bright red, edged golden yellow
- *AVIATEUR, deep red, bordered creamy white
- BALMORAL, glowing dark carmine red
- *BANDOENG, deep mahogany red with golden edge

- PICCADILLY, carmine red, edged pure white
- PINK GLOW, satiny rose
- PRELUDIUM, rose, white base
- *PRINCESS BEATRIX, Alberio sport, broad orange margin ..
- PROMINENCE, dark red
- *RED GIANT, fine scarlet pan tulip for Easter forcing
- RED MATADOR, carmine flushed scarlet, edged vermillion ..
- REFORMA, sulphury yellow, edged golden yellow

- *RHINELAND, yellow and red, distinct bedder
- *ROLAND, bright scarlet, edged ivory
- ROSE BEAUTY, deep pink changing to cherry red
- ROSE KORNEFOROS, rose
- *TELESCOPIUM, violet rose, flower of great substance on tall
stem, early and easy forcer
- WINTERGOLD, clear yellow
- WISCONSIN, deep rose, fine attractive color, fine for pots
- MIXED VARIETIES

Mendel Tulips

Mendel Tulips are hybrids from crossings between early Tulips and Darwin Tulips and are mostly used for forcing for cut-flowers. Some are real early forcers.

- ATHLEET, a pure white sport of Weber
- BRIGHTLING, rosy carmine, large flower
- DREAMING MAID, violet, edged white
- EARLY QUEEN, deep satin-rose, very early
- FRIDJOF NANSEN, carmine red; medium early
- FUGA, blood red
- *HER GRACE, rosy pink, good for pans
- IMPERATOR, wine-red, very large flower
- *JOHN GAY, orange, eggshaped
- *KRELAGE'S TRIUMPH, deep red, strong flower; early forcer
- MIRJORAN, carmine red, broadly edged creamy white
- OLAF, scarlet, good for pans, early
- OLGA, violet red, edged white
- *ORANGE WONDER, bronzy-orange
- PINK TROPHY, pink flushed rose
- PIQUANTE, carmine, edged white, early forcer
- REMAGEN, light rose
- SCARLET ADMIRAL, crimson, medium early, good for pots
- SCARLET WONDER, vermilion red, very early
- SHACKLETON, pure white
- SULPHUR TRIUMPH, primrose yellow
- TOPSCORE, geranium-lake-red, yellow base
- *VAN DER EERDEN, lively red, early forcer, extra variety ..
- *WEBER, white, bordered pink, tall stem, medium early
- *WHITE SAIL, white, early
- WHITE VIRGIN, pure white
- YELLOW GEM, lemon yellow
- COLLECTION IN VARIETIES OUR CHOICE

Parrot Tulips

The ever increasing demand for these Tulips clearly shows the growing appreciation for the remarkable beauty of the Parrot Tulips with their elegant lacineated flowers.

They bloom in May.

On account of their large, heavy flowers Parrot Tulips are not recommended for planting in beds. In groups and in borders, they are very effective. Excellent for cutflowers. Placed in shallow bowls or dishes when cut, they make a very artistic effect on tables.

p. 1000
\$

- *ADMIRAL DOORMAN, cherry red, edged golden-yellow ..
- *BLACK PARROT, purplish black
- *BLUE PARROT, rich bluish heliotrope
- DISCOVERY, sport of Princess Elizabeth, pink
- *FANTASY, lovely soft rose with green streaks, inside salmon rosy, flowers are carried on erect stems
- *FIREBIRD, fiery red, sport of Fantasy
- GADELAN, violet and mauve, shaded purple
- *ORANGE FAVOURITE, bright orange and green
- *ORANGE PARROT, deep orange, sport of Orange Beauty..
- PARROT WONDER, cherry red
- *PIERSON (MISS KAY), dark red
- PITT'S PARROT, cochineal red
- *RED CHAMPION, bright crimson, shaded rosy-red
- *SUNSHINE, deep golden yellow, perfect parrot shape
- *TEXAS GOLD, deep yellow, sport of Inglescombe Yellow ..
- *THÉRÈSE, fiery rose-scarlet, large flower
- VIOLET QUEEN, beautiful pearl blue, strong stem

Double Late or

Peony Flowering Tulips

Like their name indicates, the full double flowers resemble Peony flowers.

They are splendid in borders and fine for cutting but not generally recommended for forcing.

p. 1000
\$

- CLARA CARDER, tyrian purple, white base
- COXA, orange red, narrow margin of pale yellow
- *EROS, old rose, splendid double flower
- LILAC PERFECTION, lilac
- *LIVINGSTONE, bright red
- MAY WONDER, clear rose, somewhat lighter towards the base. Very strong large flower on strong stem
- *MOUNT TACOMA, pure white, large flower.....
- *NIZZA, yellow striped and feathered red
- ORANGE TRIUMPH, orange-red, flushed brown and narrow yellow edge
- PALETTE, undertone of red passing to lilac, bordered yellow passing to light yellow. Immense flower on strong stem. Most unusual color

- *PRAESTANS FUSILIER, vermilion-orange, bunchflowering..
- SYLVESTRIS (FLORENTINA ODORATA), yellow, fragrant ..
- TURKESTANICA, white, orange yellow center, bunch-
flowering

Daffodils
are
outstanding
in the
spring-garden

Narcissi (Daffodils)

The Spring flower „par excellence“. No other flower depicts so well the spirit of Spring.

Very popular for gardening, splendid for cutting, and forced in large quantities, the Daffodils have an important place in the world of bulbs.

For wild gardening, planting in woodlands, no flower is so popular as the Daffodil.

YELLOW TRUMPETS

p. 1000
\$

- COVENT GARDEN, uniform yellow, good for pots
- *FLOWER CARPET, deep golden yellow
- GODOLPHIN, uniform soft yellow
- *GOLDEN HARVEST, a giant Trumpet. Uniform golden yellow.
Very early
- KING ALBERT, deep golden yellow

- ***KING ALFRED**, the well known leading Trumpet Daffodil.
Uniform clear rich golden yellow; great
substance. Excellent for forcing as well
as for the garden.
- “ “ Double Nosed Bulbs I
“ “ Double Nosed Bulbs II.....
- ***MAGNIFICENCE**, deep golden yellow trumpet. Good sized
flower on strong stem. One of the earliest
- ***REMBRANDT**, uniform deep golden yellow perianth and
trumpet, flower of fine proportions and shape. Early, highly
recommended. Good for pots
- ***UNSURPASSABLE**, very large, golden yellow, early
- WILLIAM THE SILENT**, enormous golden yellow trumpet ..
- WRESTLER**, perianth creamy yellow, large deep yellow
trumpet of fine shape. Very free flowering

BICOLOR TRUMPETS

- HENRY DETERDING**, creamy white perianth, yellow trumpet
- MAGNET**, white perianth, yellow trumpet
- ***MUSIC HALL**, white perianth, yellow trumpet, good forcer
- PRESIDENT LEBRUN**, perianth white, trumpet lemon yellow
passing to creamy white
- ***QUEEN OF BICOLORS**, perianth white, trumpet canary
yellow, large flowers, early
- ***SPRING GLORY**, white perianth, large yellow trumpet

WHITE TRUMPETS

- ***BEERSHEBA**, beautiful pure white variety, good for pots ..
- IMPERATOR**, perianth ivory white; creamy white trumpet,
Late forcer
- ***MOUNT HOOD**, pure ivory white perianth, creamy white
trumpet. Very large
- ***MRS. E. H. KRELAGE**, trumpet creamy changing to pure
white. Medium early

LARGE CUPPED NARCISSI

- AEROLITE**, primrose yellow perianth, bright yellow trumpet .
- ***ARANJUEZ**, clear yellow perianth, expanded crown, deep
yellow edged orange red

- CALIFORNIA, fine bright yellow
- *CARBINEER, broad flat yellow perianth large cup, deep orange red. Fine variety of perfect shape
- *CARLTON (NIMROD), a giant Incomparabilis. Uniform soft yellow. Large cup, beautifully shaped. Early
- *CLAMOR, perianth white, cup yellow, orange red edge, good for pots
- *DICK WELLBAND, pure white perianth, bright orange red cup
- *FLOWER RECORD, white perianth, deep yellow cup edged orange
- *FORTUNE, broad flat overlapping clear yellow perianth of solid texture; very large, glowing orange crown. Very early and free flowering variety of lasting qualities. Extra
- *HELIOS, yellow perianth, large deep yellow cup
- JOHN EVELYN, large overlapping ivory white perianth, large flat apricot crown, heavily frilled. A beautiful variety
- MERCATO, white perianth, yellow crown with orange border
- *MONIQUE, perianth white, cup golden yellow
- *MRS. R. O. BACKHOUSE, ivory white perianth, graceful apricot pink trumpet with deeply fringed edge
- *SCARLET ELEGANCE, perianth deep yellow, cup deep orange red, scarlet edge, outstanding variety
- *SELMA LAGERLÖF, large pure white perianth red crown edged yellow
- *SEMPRE AVANTI, creamy white perianth, large bright orange cup, good for pots. Excellent variety
- *SOLARIO, perianth pure white, large canary yellow cup
- *TUNIS, broad white overlapping perianth, large cup, soft primrose, shaded gold. Extra for show and garden. Early

SMALL CUPPED NARCISSI

- *EDWARD BUXTON, light yellow perianth, deep orange cup
- FIRETAIL, creamy white perianth deep carmine scarlet cup
- *LA RIANTE, perianth pure white, cup deep red, medium early
- *MRS. BARCLAY, creamy white perianth with large overlapping petals, large flat yellow cup, with scarlet edge..
- SNOWPRINCESS, pure white perianth, yellow cup, red edge
- *VERGER, pure white perianth, deep red cup, medium early

POETICUS

- *ACTAEA, large pure white perianth of perfect shape; brilliant scarlet eye. The tallest and finest Poeticus. Medium early

POETAZ

- *CHEERFULNESS (the double Poetaz Elvira), white perianth with full double center of white and yellow. Medium early
- *CRAGFORD, white perianth, orange crown. Excellent for very early forcing
- EARLY PERFECTION, creamy white perianth with lemon yellow cup
- *GERANIUM, round flat pure white perianth, deep orange red cup. Late. One of the best in this class. Strong stem, 6 to 8 flowers on a stem
- LA FIANCEE, perianth white, light orange cup
- *LAURENS KOSTER, well known forcing variety. Early and free flowering. White perianth; deep yellow cup
- L'INNOCENCE, pure white perianth, cup canary yellow. Large and one of the best whites. Early and good for forcing
- *SCARLET GEM, primrose yellow perianth, cup deep orange. Very striking and attractive
- *ST. AGNES, perianth pure white, cup orange red. Medium early
- *YELLOW CHEERFULNESS, soft yellow

DOUBLE DAFFODILS

- ALBUS PLENUS ODORATUS, pure white, very late
- *INGLESCOMBE, uniform pale yellow. Fine formed flower of good substance. Medium early
- INSULINDE, white with orange red center
- IRENE COPLAND, creamy white
- *MARY COPELAND, outer petals pure creamy white, inner petals lemon yellow and brilliant orange. Extra for the garden
- *TEXAS, pale yellow with orange red petals through the center. Early
- TWINK, semidouble, primrose with inner petals of light orange. Very attractive. Tall strong stem. Early
- *VAN SION (TELAMONIUS PLENUS), yellow trumpet and petals, large flower on strong erect stem, fine for pots ..

JONQUILLA AND CAMPERNELLI

- CAMPERNELLI ODORUS REGULOSUS SINGLE, golden yellow flowers, two to four to a stem. Fragrant
- CAMPERNELLI ODORUS REGULOSUS DOUBLE, heads of fragrant elegant double golden yellow flowers on tall stem
- CAMPERNELLI ORANGE QUEEN, rich deep orange yellow flowers, two or three to a stem. Free flowering, very striking
- JONQUILLA SINGLE, sweet scented, deep yellow, with rush like foliage. Fragrant

*TREVITHIAN, pale lemon yellow, clear yellow cup

The Campernelli Narcissi are fine for planting in masses in beds or borders for cutflowers.

VARIOUS NARCISSI (for rock-gardens)

- BULBOCODIUM (YELLOW HOOP PETTICOAT), rich golden yellow
- BULBOCODIUM CITRINUS, sulphur yellow
- CANALICULATUS, white, yellow cup
- CYCLAMINEUS, clear yellow, reflexed petals
- " FEBRUARY GOLD, yellow perianth, trumpet golden orange
- TRIANDRUS ALBUS (ANGEL'S TEARS), silvery white, two and more drooping flowers on a stem
- TRIANDRUS SILVER CHIMES, very charming Triandrus hybrid, four to six flowers on a stem, nodding and very graceful. Pure white perianth, pale primrose cup
- *TRIANDRUS THALIA, larger than Albus, pure white, splendid for rockgardens and also as cutflower
- W. P. MILNER, sulphury white, dwarf. Dainty for the rock-garden. Free flowering

PAPERWHITE NARCISSI

Crocus

Crocus being among the first flowers to announce the arrival of Spring are welcome in any garden and are appreciated by every one as a sign that the dark cold winter time is coming to an end and spring has arrived. Splendid also in Rock gardens. Some varieties are also good for light forcing.

BLUE AND PURPLE

- EARLY PERFECTION, dark lilac, very early

BULBS

for

Rockgardens

*Planted in gardens
or Rockeries,*

Muscari

*are
very attractive.*

A well arranged rockgarden is a source of real enjoyment to every amateur gardener.

When only suitable perennial or annual plants are used, rockgardens do not reach their prime until summer.

If bulbs are used, the rockgarden will be real attractive already in early Spring, long before the other plants flower.

Deep, well drained pockets of soil are required in which the bulbs are to be planted, this is very essential and will substantially add to the success of the rockgarden.

The following kinds will be found of special merit: Tulip species: Chrysantha, Eichleri, Fosteriana Red Emperor, Kaufmanniana varieties, Praestans Fusilier, further: Miscellaneous Bulbs such as Crocus, **Muscari** (Grape Hyacinths), Eranthis (Winter Aconite), Galanthus (Snowdrops), Chionodoxa (Glory of the Snow), Fritillaria meleagris (Guinea Henflower), Scilla sibirica and also the later flowering Scilla campanulata varieties (Woodland-Hyacinths).

Very attractive and useful for Rockgardens, are also the dainty miniature Daffodils listed under „Various Narcissi“.

Further: Anemone, Allium Moly, Erythronium, Iris reticulata, Tritileia.

*You can make an extra profit by also selling
Bulbs for Rockgardens*

Miscellaneous Bulbs and Roots

For summer delivery

ALLIUM

Alliums are used primarily for garden purposes. The variety neapolitanum is good for forcing. p. 1000 \$

- ALLIUM ALBOPILOSUM, lilac, very fine.....
- „ AZUREUM, azure blue
- „ GIGANTEUM, violet red, very large
- „ KARATAVIENSE, purple with broad leaves
- „ MOLY (LUTEUM), yellow
- „ NEAPOLITANUM GRANDIFLORUM, white, good for forcing
- „ OSTROWSKIANUM, deep carmine rose, dwarf ..
- „ ROSENBACHIANUM, purple rose, height 4 feet ..
- „ SPHAEROCEPHALUM, „drumsticks“, deep purple, excellent cutflower

ANEMONES

Ready September—May

Single and Double Anemones are grown in large quantities for cutflowers. They can be planted in cool houses to get them in bloom earlier. The flowers are very showy and fine for table decoration.
Both kinds and also the various other varieties are splendid in gardens and rockeries. Apennina and Blanda varieties bloom early.
As most varieties are not hardy, they are best planted in spring.

- *SINGLE DE CAEN, grand mixture
- „ HOLLANDIA, bright red
- „ MR. FOKKER, blue
- „ SYLPHIDE, violet
- „ THE BRIDE, pure white
- *SEMI DOUBLE ST. BRIGID, splendid mixture
- „ „ LORD LIEUTENANT, dark blue
- „ „ THE ADMIRAL, rose violet
- „ „ THE GOVERNOR, brilliant red
- APENNINA ALBA, white, large flowers
- „ BLUE, very early
- BLANDA, blue shades, very early
- „ ROSEA, rose shades, very early
- „ MIXED, very early
- FULGENS MULTIPETALA, semi double, bright scarlet
- ST. BAVO, grand mixture

- BRODIAEA CONGESTA**, bright blue
" **LAXA**, dark blue
Brodiaea are used for gardening purposes. They need a solid covering during the winter.

- CAMASSIA CUSIKII**, porcelain blue
" **ESCULENTA**, violet blue
Camassias are fine in the garden, need a good covering in winter.

CHIONODOXA (Glory of the Snow)

Chionodoxa are very attractive little flowers blooming early in spring. Splendid especially when planted in large patches or masses. Can be left in the garden year after year where they multiply freely. Need some slight covering during the winter.

- GIGANTEA (ALLEN)**, light blue, white center
***LUCILIAE**, lilac blue, pale starshaped center
" **ALBA**, white
" **ROSEA**, rose
" **PINK GIANT**, novelty
SARDENSIS, bright blue

COLCHICUMS

Shipment mid July

Colchicums flower in August—September. If left undisturbed in the garden, they become very free flowering. They do best in cool soil which retains moisture.
They will also bloom inside without water or soil. Close to the light, in the window is then the best place for the bulbs. When through blooming, they can be planted in the garden.

- AUTUMNALE ALBUM**, pure white
" **MAJOR**, soft violet
" **MINOR**, violet
LILAC WONDER, lilac violet, large flower
SPECIOSUM, rose
THE GIANT, lilac mauve, white base
VIOLET QUEEN, lilac tinted violet

- CORYDALIS (FUMARIA) BULBOSA**
Corydalis are used in the garden. Fine amongst shrubs where they are soon established and increase freely.

- CYCLAMEN PERSICUM GIGANTEUM**.....
" **NEAPOLITANUM**
Cyclamen persicum is the well known potplant. The variety Neapolitanum is used in gardens, special in rockeries. They require a shady place.

ERANTHIS (Winter Aconite)

Eranthis flower very early. Splendid for planting in front of shrubs and in rock gardens. They will not thrive in dry ashy soil.

CILICICA, pale yellow

*HIEMALIS, golden yellow

EREMURUS BUNGEI, canary yellow

“ HIMALAICUS, snowwhite

“ ROBUSTUS, pale pink

“ SHELFORD HYBRIDS

Eremurus are very ornamental in the garden. The Shelford hybrids are also fine for cutflowers. They need good fertile soil and may not bloom the first year after planting. It is advisable to protect the foliage in the Spring against frost damage.

ERYTHRONIUM DENSCANIS (Dog’s tooth violets), in varieties

“ “ mixed

Erythrונים are fine in the garden and rockeries. Plant them at once on arrival in good soil mixed with peat moss, preferably in a somewhat moist slightly shadowed place. They need slight covering in winter.

FREESIA

Freesias are grown in greenhouses, are ideal cutflowers and very fragrant.

FREESIA APOTHEOSE, lilac rose, pure white center

“ BLUE PENNANT, lobelia blue with white throat ..

“ BUTTERCUP, yellow

“ CARO CARLEE, creamy white, extra

“ COTE D’AZUR, blue with white throat

“ MARION, violet blue

“ ORANGE SUN, orange yellow

“ PRINCESS MARIJKE, brown orange, outside purple

“ RYNVELD’S GOLDEN YELLOW, golden yellow
with orange

“ SAPHIR, lilac blue, white throat, long strong stem

“ SNOW QUEEN, white, very large

“ SNOWSTORM, pure white, free-flowering

“ FINE MIXTURE

FREESIA GRANDIFLORA, rose-red shades

“ “ lilac-blue shades

“ “ yellow and orange shades

“ “ mixed colors

FRITILLARIA

Fritillaria Imperialis are very ornamental in groups in borders, they do not like dry soil. *Fritillaria meleagris* is fine in rockeries.

*IMPERIALIS (CROWN IMPERIAL) AURORA, orange red . . .

"	"	"	LUTEA, yellow
"	"	"	ORANGE BRILLIANT, orange red

*	"	"	FINEST MIXTURE

GALANTHUS (Snowdrops)

Galanthus are amongst the first flowers blooming in Spring. When planted in borders, amongst shrubs and in grass, they rapidly increase. When mowing the grass the foliage of the Galanthus must not be cut before this has died off. Splendid also in rock gardens.

ELWESI, very large flowers

*NIVALIS SINGLE, pure white
 " DOUBLE

HYACINTHUS AMETHYSTINUS, amethyst blue

" " ALBUS, pure white

Hyacinthus amethystinus are of the same habit as Muscari and can be grown outside in the same way.

IRIS SPECIES

DANFORDIAE, golden yellow, early

*RETICULATA, fine for forcing, sweet-scented, dark blue
 " CANTAB, light blue
 " HERCULES, dark purple
 " J. S. DIJT, dark blue

Iris Reticulata is splendid for gentle forcing in pots.

IXIA NAMED VARIETIES OUR CHOICE

"	"	"	"	"	large flowering ..
"	MIXED VARIETIES				

These little bulbs are mostly used by the florists for growing cutflowers. Can also be planted in the garden in sunny warm spots. They are not hardy and need a heavy covering in winter.

IXIOLIRION PALLASI, blue

Ixiolirion are planted in the fall and can permanently stay in the garden. A sunny spot is preferred and a slight covering during winter.

LILIUM

Lilium Candidum and Lilium Excelsum are the only Lilies which are ready for shipment August—September.

- *CANDIDUM (MADONNA LILY), white
Top size bulbs
First size "
Second size "
EXCELSUM (TESTACEUM), apricot yellow, fragrant

MUSCARI (Grape Hyacinths)

Very attractive and popular for mass planting and in rockgardens, they are quite hardy. The variety armeniacum and others can well be forced and are also recommended for corsage flowers.

- *ARMENIACUM, bright blue, splendid for forcing, as well as outside
AZUREUM, azure blue truss
AZUREUM ALBUM, pure white, very large flower
BOTRYOIDES ALBUM, white
" COERULEA, blue
EARLY GIANT, extra blue
*PLUMOSUM (FEATHERED HYACINTH), violet

- ORNITHOGALUM NUTANS, greyish green
" PYRAMIDALE
" UMBELLATUM, white, outside green

Hardy bulbs for naturalizing, also good for rockgardens.

- OXALIS ADENOPHYLLA, lilac rose
" DEPPEI, deep pink, **reposed bulbs**

Oxalis adenophylla is fine for gardens and borders. The reposed bulbs of Oxalis deppei are special for growing in pots.

- PUSCHKINIA LIBANOTICA, pretty lavender blue
" " ALBA, white

Puschkinia is used like Chionodoxa. Fine for mass planting, in borders and rockgardens.

RANUNCULUS

Ready August—May

Ranunculus are mostly used by florists and produce very graceful decorative flowers. Are also fine for garden purposes. Plant in Spring 1"—2" deep and lift them in fall. Must be kept dry during the winter in a cool frostfree place.

GLADIOLUS

Flowering period:
1 = early, 2 = medium, 3 = late

We believe there is no other class of bulbs in which so many new and beautiful varieties have been developed as in Gladiolus.

The following collection is of outstanding value in which all colors of the rainbow are represented.

No wonder the demand for Gladiolus increases from year to year.

Ideal for cutflowers and growing in almost any soil with little care, they are of great value also for gardening purposes and when planted at intervals from Spring till June, Gladiolus offer the gardener a crop of cutflowers all through the summer until the frost sets in.

- HOLLYWOOD, purple blue
- *MONT BLANC, pure white
- PRINCE ALBERT, violet blue
- *PRINCESS ELIZABETH, light blue
- *QUEEN WILHELMINA, dark pink
- ROI DES ROUGES, crimson
- *TIGRINA, spotted mixed colors
- *VIOLACEA, blue
- *WATERLOO, dark violet red
- *MIXED VARIETIES, all colors

HYACINTHUS CANDICANS (GALTONIA), white

Hyacinthus candicans are planted in Spring and are fine in groups in borders. They are not hardy, must be lifted in the fall and kept frostfree during winter.

LILIUM

Lilies belong to the most beautiful flowers.
The well known Easter Lily takes a prominent place in the florist trade specially for Easter forcing. Liliun longiflorum in varieties, Croft Lilies and others are largely used for this purpose. As they are not grown in Holland in large quantities, they are not mentioned in our list. There are however some varieties being developed in Holland which are very promising for the future for this purpose.
Of the Varieties mentioned in our list, Regale, Speciosum and the Umbellatum varieties are also good for greenhouse culture. All Lilies mentioned in our list are splendid for gardening, they do excellently in borders, if planted in suitable spots.
The following Lilies are shipped in late fall and during the winter and early spring.

forcing and splendid for the garden
- “ SPLENDIDUM, deep red
- WILLMOTTIAE IMPROVED, orange red, spotted brown,
height 25 inches

MONTBRETIAS

Montbretias are fine for cutflowers. They thrive best in a somewhat moist, rich soil in places where they are protected against the hot midday sun. They are not hardy everywhere, in extreme cold climates it is advised to lift them in the fall. If left in the ground a heavy covering is required.

\$

- PAEONIA SINENSIS (Peonies) Ready Sept. to March
- IN NAMED VARIETIES, good colors

- RICHARDIA (Callas and Arums) Ready Nov. to April

White Richardias are used by the florists for growing the popular „Calla Lily“ flowers. The yellow varieties are also used in the garden. Tubers must be lifted in the fall and kept frost free during the winter.

For description of varieties see under Calla, page 42.

SPIRAEAS (Astilbe)

Ready October to April

p. 100
\$

IN NAMED VARIETIES

Spiraeas are mostly used by the florists for growing as potplants. Are also fine in gardens but need lots of moisture, therefor fine along the edge of a pond.

\$

TIGRIDIA (FERRARIA), in varieties

" " fine mixture

Tigridias are planted in early May in a sunny, warm spot in the garden, not too dry. With their glittering colors they make a splendid effect in borders. The flowers which last only one day are produced very freely. Tubers must be lifted in the fall and kept frost free during winter.

TERMS OF SALE

1. Unless specifically otherwise agreed, all products are sold ex seller's warehouse Holland, and travel throughout at buyer's risk and expense.
2. If products are sold ex seller's warehouse, the cost of cases and packing and of phytopathological inspection, and of any freight, forwarding, insurance, export and import charges, shall be for buyer's account.
These charges shall be due and payable on arrival of the goods at United States or Canadian port.
Unless otherwise instructed, the seller will arrange for transportation and for ordinary insurance coverage to destination.
3. Payment shall be due ninety (90) days from date of invoice; two per cent (2 %) discount will be allowed for payment within thirty (30) days from date of invoice.
4. The seller warrants the goods to be sound and healthy at time of shipment but does not otherwise warrant flowering- or other planting-, growing- or forcing results.
5. If at time of shipment, the buyer shall be in default in the payment of any account owing to any member of the Holland Bulb Exporter's Trade Sub-Group (Bedrijfschap voor de Bloembollenhandel) or if the buyer's financial responsibility appears unsatisfactory to the seller, the seller may, at his option, cancel this order in whole or in part, provided that he shall promptly advise the buyer of any such cancellation; and the seller shall not be responsible for any damages whatsoever arising from such cancellation.
6. Total or partial failure of the general or of seller's crop, owing to frost, floods, or other natural causes, or loss or damage to seller's stocks by fire or any other cause beyond his control, preventing seller from fully performing the present and/or similar contracts, shall relieve the seller from his obligations under the present contract to a corresponding extent.
7. Whenever the terms of this order call for delivery f.o.b. any place or conveyance in the United States or Canada, the seller shall be required only to arrange for transportation and insurance to the point specified and the seller may, at his selection, either prepay freight, insurance and/or other shipping charges, including import duty and arrange to collect same on delivery in a lump sum from the buyer, or the buyer shall pay all such charges from warehouses Holland until arrival at such agreed place or conveyance in the United States or Canada. In either case buyer shall be permitted to deduct the charges paid by him to such agreed f.o.b. United States or Canada place or conveyance from the agreed f.o.b. United States or Canada prices.
Notwithstanding any agreement as to delivery at any point other than seller's warehouse, the goods shall in all cases be at buyer's risk from the time they leave the initial point of shipment.
8. All claims hereunder shall be deemed waived unless presented within eight (8) days after receipt of goods. Claims relating to damage to or condition of goods shall be accompanied by Lloyd's survey report or its equivalent, stating full particulars. In case of non arrival of goods at destination within a reasonable time after receiving advice of shipment from Holland, buyer shall notify the seller by wire or cable.
9. Cancellation of orders or part thereof will only be accepted when buyer agrees to pay seller his loss of profit; changes in orders may be allowed only if both parties agree thereto.
10. These printed Terms of Sale cannot be altered nor departed from except by mutual consent in writing.
